NOTES; The 350-318 was originally designed for the 55-62 starter. We can supply the starter or we can supply the adapter modified for the later Chevrolet starter. Complete instructions are included for installing the adapter. We do not supply information regarding engine or transmission installation in to specific frames, bodies, etc. This is the responsibility of the customer and care should be taken to address the issues of motor and transmission mounts, driveline, body and frame clearance, gear ratios, etc. BEFORE the purchase of the engine to transmission adapter.
